

Naturally caffeine-free, rich in antioxidants and low in tannins, Vital's Organic Rooibos Tea is world-renowned for its distinctive flavour and powerful health benefits

Vital Organic Rooibos Tea

Hi ,

We are writing to you to tell you about a new web site that Vital Health Foods has launched recently www.rooibos.net.au. As you browse through it we trust you find that the web site is both topical and interesting.

We will strive to keep the content up-to-date and relevant so if you have any suggestions as to how we may make the content more appropriate to your needs we welcome your input.

If you are wondering how we got your email address we received it during a previous contact you had with Vital Health Foods and we have automatically subscribed you to receive the email newsletter we will be generating from time to time.

You will note that we have addressed you as Reader, we do apologise for this as we would have preferred to address you in a more personal way but we are not confident that we have your correct name and the only thing we know for sure is your email address. We would very much like to address our correspondence to you in a more personal way and would ask you to update your contact details by re-subscribing to the email newsletter otherwise we will continue to address you as Reader.

If at any time you wish to stop receiving this email newsletter you may unsubscribe via the link at the bottom of the web site www.rooibos.net.au or by sending an email to vitalinfo@vitalhealthfoods.com.au with the word Unsubscribe in the Subject line.

If you think our new web site contains information that your family and/or friends would find useful please forward this email to them and hopefully they will take up your invitation to sign up for the email newsletter as well.

Yours in good health,

Nigel and Tracy at Vital Health Foods
